"Get back here Fryer!" Daron said, "We just want to talk!"

Lucas Fryer was running for his life, dodging the trees and roots of Krackerbarrel Wood. Thump! As you could tell from that sound Lucas Fryer has just fallen slap bang on his face.

"That's what you get Fryer!" said Darron, "You don't disrespect us!"

"Yeah Fryer" said Bob. Bob wasn't the brightest of all people. He was usually the one with fists but hung back with remarks waiting for the leader to say something smart that he would echo.

"Shut-up Bob" said Geoffrey, "let the boss speak!"

"I told you to get us an A in Science Fryer, but you got me a C! That is just disrespectful. And what did you get Fryer?"

"Errrrr A+"

"So you switched your test answers without us knowing so you could steal our money and get a better grade",

"Well, my mum needs the money"

"Nahh I've heard enough, I think we string him up boys, to the tree!"

The boys proceed to tie poor Lucas to a nearby tree using some handy rope that they have brought with them. Bob, who isn't great with knots, that's too tricky for him! He is all fingers and thumbs! So he helped out with the occasional punch to Lucas' gut just to keep him in check and remind him who was boss, not to mention keeping the lads entertained.

"Hey, turn around you numpties!" said Ryan Fryer and grabbed the leader by his shirt and lifted him into the air. He then struck a massive blow to his stomach. "Don't you ever mess with my brother again!", Darron struggles to his feet. "Lads, help me out, finish him off for me? Lads? Lads? Lads" the boys were know where to be seen. Darron runs off screaming like a primary school kid who had seen Penny Wise in the playground!

"Ryan, what the hell are you doing here?, I was perfectly fine by myself!"

"Yeah you certainly look ok, what with being tied to the tree an orll! Reckon you could have taken all 3 with those hands tied up like that!", Ryan was in fits of giggles.

"Honestly, sometimes I wish you would just leave me alone Ryan" said Lucas as he stepped out of the mound of ropes his brother was releasing him from. "What are you even doing here, its your day to look after Mum. Please tell me you gave her the right medicine.

"Yeah, I did" said Ryan glumly,

"Why are you here then" said Lucas worriedly

"My girlfriend Tracy as in Tracy Gardener, sister of 'your mate Bob!', told me what was going down and asked me to give Bob a good crack to the back of the head. In fact, I probably should chase after them to fulfil my promise!"

As they arrive home, they came into a living room full of sick buckets and almost everyone was filled. You see their mum has cancer and was told to have her medicine even though it made her sick. so,

her first one was at 8am second 2pm third 6pm and lastly 4am and the brothers usually help her, so they rarely get sleep [5 ours at best] today it was Lucas' tern to do the 4am one so he set an alarm kissed his mum and went to bed. Ring! Ring! The alarm went off, but he couldn't hear her being sick at all "mum! Where are you? He runs to the living room and sees his mum on the floor still and not breathing. "Mum why wake up please I beg please!" his brother ran in

"what's going on Lucas"

"Mum she's dead."

"It's ok ill call Uncle Teo tell him what's happened and to pick us up. Later that day they were put into a orphanage Lucas was picked up straight away into a rich family however Ryan was less fortunate because it took him 2 years to get picked up and by a homeless family and as the months went by the both started to realise that they needed their brother and this change was unnatural.

20 years later they meet each other in a McDonalds not recognising each other at first but when the waiter shouted "Lucas fryer" Ryan ran over "Lucas is it you?"

"Rayan, I missed you so much!" and from that day on they kept in touch.
